It seemed to download ok for me. Thanks.

It also solves the growing problem of finding a computer with a CD reader. :)

Hi Matt and Janel,

Thank you, this did work for me just fine. Shari? Lisa? If this works for everyone this may be a better way to transmit the early review packages. I will still get a paper copy of the final transmittal for the administrative record.

Much appreciated.

Michele

Michele,

Janel informed me that the Fruitvale Aquifer Exemption is still working its way through transit to your office. Here is a link to view and download all the exemption material. If you have any trouble accessing the files let me know. No account is necessary to access and download the files.
